BUDAPEST PEDIATRIC FORUM

ADVANCING CHILD HEALTH

24 – 25 APRIL, 2026 BUDAPEST

WELCOME MESSAGE

The Budapest Pediatric Forum is a high-level scientific meeting dedicated to advancing child health through evidence-based medicine and practical clinical experience. This international forum will bring together leading pediatric experts and renowned international professors for two days of in-depth scientific sessions, interactive discussions, and real-life case presentations. The forum aims to provide participants with valuable insights that can be directly applied to daily pediatric practice.
